INFOCOM™

YOU HOLD IN YOUR HANDS the official Infocom document that certifies the identity, if not the destination, of all Infocom products, in particular, interactive fiction. Just what is interactive fiction? It's a whole new universe. A universe of games you can actually enter and alter as you interact with a storyline via common English commands typed into your computer.

Each game is really a world unto itself, but to demonstrate, let's enter WISHBRINGER, our popular introductory fantasy story. Inside the box you find a map of postal zones, a mysterious, sealed envelope, an enchanted stone that glows in the dark, an illustrated copy of *The Legend of Wishbringer* and a disk. You'll need them all. But for now, just slip the disk into your computer and you're off on the wildest journey of your life.

You start out as an ordinary mail clerk on an ordinary day. Ordinary, at least, until you deliver what turns out to be a ransom note to the old woman in Ye Olde Magick Shoppe. She sends you off to rescue her kidnapped cat from someone called the "Evil One." En route, you're faced with a troll who won't let you cross his toll bridge.

What happens next is completely up to you. If you wish to pay the troll's toll, you simply type:

>GIVE THE GOLD COIN TO THE TROLL
And the story responds:
THE TROLL SNATCHES AWAY YOUR
GOLD COIN AND SQUINTS AT IT SUSPICIOUSLY, "UGH!" HE CRIES, HOLDING IT UP TO THE MOONLIGHT, "THIS IS A FAKE!"

If, on the other hand, you type:

>GIVE THE CAN OF NUTS TO THE TROLL

The story responds:

THE METAL CAN RATTLES AS YOU GIVE IT TO THE TROLL, "MMM, YUMMY!" HE EXCLAIMS, PEERING AT THE LABEL AND THEN GREEDILY OPENING THE LID... YOW! AS HE OPENS THE CAN A REAL, LIVE RATTLESNAKE LEAPS OUT! A SCREAM OF TERROR ECHOES OFF THE CLIFFS AS THE TROLL RUNS AWAY.

Your every command elicits a new response, creating a new story every time. It's fun. It's challenging. And it's totally absorbing.

To help you get the hang of it, we have indicated appropriate stories for first-time interactive travelers with a Recommended Port of Entry stamp. Look for it in this, the very document that grants you permission to travel abroad. Farther abroad than any other passport could possibly take you.

THE ZORK® TRILOGY

Adventure seekers, welcome to the Great Underground Empire, a world fraught with danger and discovery, an underground domain so vast, with so many twists and turns, it can offer you new surprises no matter how many times you explore it. The ZORK TRILOGY has been a top 10 best seller for over 5 years, and it's still going strong.

ZORK I: THE GREAT UNDERGROUND EMPIRE

The ideal starting point for first-time interactive fiction players, ZORK I takes you to the ruins of an ancient empire far underground. You will travel into this fabulous land in search of the incomparable Treasures of Zork. This classic attracts explorers who love the idea of a treasure hunt among exotic creatures, extraordinary sights, and diabolical puzzles.

ZORK II: THE WIZARD OF FROBOZZ

For an even greater challenge, journey to a long-hidden region of the Great Underground Empire, dominated by the frivolous Wizard of Frobozz. Exiled years before, the Wizard is still a force to be reckoned with, materializing at odd moments to cast bothersome spells. There are many curiosities to explore in his realm, including the garden of an elusive unicorn and a maze of Oddly-Angled Rooms.

ENTRY

ZORK III: THE DUNGEON MASTER

For the ultimate test of your wisdom and courage, the Dungeon Master draws you into the deepest and most mysterious reaches of the Great Underground Empire. ZORK III has a scoring system and goal that are quite different from those of the other stories in the Trilogy. You can only finish the game once you discover why you are in the perilous ruins of the empire and what you are supposed to be doing there.

THE ENCHANTER[®] TRILOGY

Journey to a world of magic, where spells are power, and magicians rule the land. The ENCHANTER TRILOGY, which takes place in a universe much like Zork, is considered to be Infocom's most inspired work.

ENCHANTER

In ENCHANTER, the introduction to this highly-acclaimed series, you are a novice magician sent to do battle with the warlock Krill. To succeed in your quest, you'll need to use all the cunning you can muster, along with spells acquired on the way.

Author! Author!—Auteur! Auteur! Marc Blank and Dave Lebling

SORCERER[™]

In the midst of Hellhounds, amusement parks, mazes, and flumes, you must rescue your mentor Belboz and defeat the evil demon Jeeart. The second story in the Enchanter series, SORCERER requires a greater command of magic, with intricate puzzles full of cryptic clues.

Author! Author!—Auteur! Auteur! Steve Meretzky

SPELLBREAKER™

Spellbreaker is the complex conclusion to the trilogy, with some of the hardest puzzles in interactive fiction. You have earned the ultimate honor given a mage, the leadership of the Circle of Enchanters. Now, a crisis has fallen. Magic itself is failing, and you alone must save the kingdom even as your own powers fade.

WISHBRINGER

Neither snow, nor rain, nor nasty trolls, nor fortress-like towers, nor postmarks for Special Delivery to Parts Unknown, nor the very struggle between Good and Evil itself shall keep you from your appointed rounds as a postal clerk in the seaside village of Festeron.

When the story begins, your life is quite ordinary. But when you're asked to deliver a strange envelope to the outskirts of town, things become quite extraordinary. You'll embark on a search for a kidnapped cat in a town that's turned into a nightmare. The magic wishes in your Wishbringer stone will help you solve the puzzles, or you can use logic alone.

ABOUT TRAVELING ACROSS THE BOARD, INTRODUCING Sorties

FOOBLITZKY

FOOBLITZKY™ is a unique graphics strategy game for 2 to 4 players. It recalls the days when playing a game meant getting together with friends or family so that everyone could have a good time. When you play FOOBLITZKY, what you see on your computer screen will remind you of your favorite board game. You'll rove the crowded streets and busy shops of the City of Fooblitzky, trying to deduce and obtain the four items needed to win the game. But this is no scavenger hunt. Victory depends on how well you use funds, keep records, and out-smart your fellow players.

FOOBLITZKY reminds people of a cross between Clue,* Mastermind,* and Monopoly.* You'll test your skills, match wits with your opponents, and throw yourself at the mercy of chance every time you play. And because the four "right" items change each time, no two games are alike. The fun and challenge will keep you coming back again and again.

"FOOBLITZKY does for board games what the Infocom works did for books—revolutionize them...computerize them...and bring them into the 21st century—and beyond."

Cornerstone

Cornerstone is the only relational database system designed specifically for non-programmers.

"Cornerstone may well change the popular notions about database software..."—*The New York Times*

"The terms 'powerful' and 'easy-to-use' are pressed into service so often that they're in danger of losing their punch. Cornerstone breathes new meaning into these two overworked adjectives and is one of the few programs that deserves both..."—*Popular Computing*

"Cornerstone is the best program I have used. I found no flaws."
—*PC Week*

"Most database managers are information straightjackets in disguise. Changing database definition can be a mind-boggling and error-prone chore. Not so with Cornerstone."
—*Business Computer Systems*
